Sessions include: New Associate Leadership, Charism and Mission, Administration of the Associate Relationship, Collaboration and Networking and Planning for the Future.

Some of the questions answered:

- *How can I nurture and/or build relationships between Associates and Sisters and among Associates?*
- *What role can these play in my ministry – congregational liaison, Advisory committees, other team members?*
- *Should I have a separate newsletter for the Associates? What about other communications?*
- *What are the best ways for learning about a prospective associate?*
- *What are important components of Associate leadership?*
- *What records should be kept? What about archiving?*
- *I am being asked to travel fairly often. Is this unusual?*
- *What support networks are available for Associate directors?*
